## CHALLENGE OF THE UNWANTED HORSE

Minnesota Hooved Animal Foundations(MHARF) 'Challenge of the Unwanted Horse' was held on Aug 13th. It was a huge success for all the trainers, horses and MHARF. The day consists of a halter, pleasure, trail, freestyle and vet/farrier classes. There were horses all all sizes, shapes, ages and breeds. It truly is an event to attend if you plan on adopting a horse. It also is an event where you can see how much local talent MN has. So many of the trainers do an outstanding job. There are highlights, photos and blogs posted on MHARFS website [www.mnhoovedanimalrescue.org](http://www.mnhoovedanimalrescue.org).

On a personal note, both of Complete Equestrian Companies horses did a wonderful job. Desi trained by Shanda Geif, Lizzy Clausen, Makayla Morgan and Rachel Bromen (3 SRSCers) showcased how well desensitized she is. They unfortunately didn't get to show her in all the classes because she came up lame due to an abscess. That didn't stop these girls from networking and talking Desi up. They did such a great job that Desi got adopted by the U of M to be used in their horse programs. Picture Perfect Lace placed 2nd, 3rd, or 4th all day and took the top 3 spot. She had a nice and even temperament all day. She truly showcased what I strive for with all horses. Perfect then was adopted by one of my students and is currently residing at CEC and continuing her training while her new owner bonds with her.

Overall the entire event was something to talk about and a must attend.
